PART 1: MANAGEMENT STATEMENT FOR CROWN ESTATE SCOTLAND (INTERIM MANAGEMENT)

1 FUNCTIONS, DUTIES AND POWERS

1.1 Founding Legislation; Status

- The Scotland Act 2016 (‘the 2016 Act’) established a process for devolution of the management of The Crown Estate’s (‘TCE’) economic assets in Scotland, and the revenue generated from these assets to the Scottish Parliament. As part of that process, the Treasury has the power to make a Transfer Scheme via statutory instrument, which will transfer the Scottish functions of the Crown Estate Commissioners to the Scottish Ministers or a body nominated by them. The 2016 Act also allows for the creation of a new public body to receive the functions, and to establish Crown Estate Scotland (Interim Management). Scottish Ministers have decided to nominate CES(IM) to receive the transfer.

- The transferred assets will be managed by CES(IM), which was established by The Crown Estate Scotland (Interim Management) Order 2017 (‘the 2017 Order’). CES(IM) must act in accordance with the provisions of the 2017 Order.

1.2 The Functions, Duties And Powers of CES(IM)

- CES(IM) has a duty under the Crown Estate Act 1961 (‘the 1961 Act’) to maintain TCE’s Scottish assets as an estate in land and to maintain and enhance its value and the return obtained from it, with due regard to the requirements of good management.

- In accordance with the Civil List Act 1952, the payment of hereditary revenues from the Scottish assets are to be paid into the Scottish Consolidated Fund.

- CES(IM)’s strategic aims must be aligned to support the Scottish Government’s purpose of creating a more successful country, with opportunities for all of Scotland to flourish through increasing sustainable economic growth, stimulating investment in the environment, physical infrastructure and investment companies. Scottish Ministers expect CES(IM) to do this by aligning its aims and objectives with the Scottish Government’s published Economic Strategy¹ and National Performance Framework².

- In fulfilling these functions CES(IM) will consult and work in partnership with the appropriate bodies, most notably with enterprise agencies, local authorities, community representatives and conservation groups. CES(IM) may agree Memoranda of Understanding with these and other organisations.

1.3 Classification

- For policy/administrative purposes CES(IM) is classified as a Public Corporation.

- For national accounts purposes CES(IM) is classified to the public corporations sector.

References to CES(IM) include, where appropriate, all its subsidiaries and joint ventures that are classified to the public sector for national accounts purposes. If such a subsidiary or joint venture is created, there shall be a document that follows the principles set out in this document and (where practicable) the procedures set out here noting the arrangements between it and CES(IM).

2 AIM(S), OBJECTIVES AND TARGETS

5 EXPENDITURE ON STAFF

5.1 Staff Costs

CES(IM) is responsible for determining the number of staff required and the most appropriate organisational structure to deliver its remit economically, efficiently and effectively within the resources available to it. However, any significant changes in staff numbers or organisational structure must be approved in advance by the sponsor Directorate.

5.2 Pay And Conditions Of Service

CES(IM) shall submit to the sponsor Directorate for approval (normally annually unless a multi-year deal has been agreed) a pay remit, covering the staff pay award. This should be in line with the provisions of the Scottish Government's Public Sector Pay Policy for Staff Pay Remits. CES(IM) may appoint subsequent Chief Executives and other staff on such terms and conditions as CES(IM), with the approval of the Scottish Ministers, determines. Proposals on non-salary rewards must comply with the guidance in the Non-Salary Rewards section of the SPFM. CES(IM) shall comply with the EU directive on contract workers, Fixed Term Employees Regulations (Prevention of Less Favourable Treatment). 5.3 Pensions, Redundancy / Compensation

- Superannuation arrangements for staff are subject to the approval of the sponsor Directorate. CES(IM)'s staff shall normally be eligible for entry to Pension Scheme.

Expenditure to be capitalised shall include the (a) acquisition, reclamation or laying out of land; (b) acquisition, construction, preparation or replacement of buildings and other structures or their associated fixtures and fittings; (c) acquisition, installation or replacement of movable or fixed plant, machinery, vehicles and vessels; and (d) staff costs where it is appropriate for them to be capitalised.

Proposals for large-scale individual capital projects or acquisitions will normally be considered within CES(IM)’s corporate planning process and within the context of its long-term estate strategy. Any such project shall be subject to the guidance in the Major Investment22 section of the SPFM and, where appropriate, the Construction Procurement Manual23 published by the Scottish Government's Construction Advice and Policy Division.

6.2 Lending, Guarantees, Indemnities, Contingent Liabilities, Letters Of Comfort

CES(IM) shall not, without the sponsor Directorate’s prior consent, lend money, charge any asset or security, give any guarantee - excluding a guarantee of a standard type given in the normal course of business - or indemnity or legally binding letter of comfort, or incur any other contingent liability (as defined in the Contingent Liabilities section of the SPFM or in International Financial Reporting Standards), whether or not in a legally binding form.

6.3 Gifts, Losses And Special Payments

Proposals for making gifts or other special payments (including write-offs) outside the delegated limits set out in the attached Appendix A must have the prior approval of the sponsor Directorate. Any such proposals should address the considerations listed in the Losses & Special Payments section of the SPFM. Gifts by management to staff are subject to the guidance in the Non-Salary Rewards24 section of the SPFM.

6.4 Subsidiary Companies And Joint Ventures

CES(IM) shall not establish subsidiary companies or joint ventures without the express approval of the sponsor Directorate. In judging such proposals the sponsor Directorate will have regard to the Scottish Ministers’ wider strategic aims and objectives.

6.5 Financial Investments

CES(IM) will have the ability to invest surplus cash balances in financial savings products of investment grade, which are available in the UK and on terms which the CES(IM) Board of members consider to be compatible with the requirements of the Crown Estate 1961 Act. Modifications to the 1961 Act allow CES(IM) to invest funds in an interest-bearing account.

6.6 Unconventional Financing

Unless otherwise agreed with the sponsor Directorate, CES(IM) shall not enter into any unconventional financing arrangement.

6.7 Commercial Insurance

CES(IM) must take out commercial insurance where there is a legal requirement to do so, with the prior approval of the sponsor Directorate, and broadly in accordance with the guidance in the Insurance section of the SPFM.

7.1 Register Of Assets

CES(IM) shall maintain an accurate and up-to-date register of its fixed assets.

7.2 Disposal Of Assets

- The Scottish Government’s Property Controls Team should be notified of relevant proposed disposals of property held by CES(IM) for operational purposes (as opposed to those held for investment purposes) at the earliest opportunity and should then submit them for trawl at least 1 month prior to their being advertised on the open market.

- Any proposal to acquire land, buildings or other rights in property, unless covered by a specific exemption, should comply with the SPFM, taking account of the statutory duties as regards management of the Crown Estate. CES(IM) is also subject to the SG Asset Management Policy and the Property Controls Team should be consulted as early as possible when considering any transactions which are covered by this. Information concerning CES(IM) should be accurately recorded and updated as necessary on the Office of Government Commerce electronic Property Information Mapping System.

CES(IM) will undertake investment in line with its legislative duties.

26 Crown Estate (Interim Management) Order 2017 - Article 20(3) of the 2017 Order modifies the application of section 3(4) of the 1961 Act.
7.4 Recovery Of Grant-Financed Assets

Where CES(IM) has financed expenditure on capital assets by a third party, CES(IM) shall use its best endeavours that any such assets above an agreed value are not disposed of by the third party without CES(IM)'s prior consent. CES(IM) shall therefore ensure that such conditions are sufficient to secure the repayment of its due share of the proceeds - or an appropriate proportion of them if the grant was for less than the whole cost of acquisition or improvement.

CES(IM) shall also ensure that if the assets created by grants made by CES(IM) cease to be used by the recipient of the grant within 5 years from the date of completion for the intended purpose an appropriate proportion of the value of the asset shall be repaid to CES(IM).

8 BANKING

CES(IM)'s Chief Executive is responsible for ensuring that CES(IM)'s banking arrangements safeguard public funds and are carried out efficiently, economically and effectively.

9 MOVEMENT BETWEEN REVENUE AND CAPITAL

A transfer, or transfers, from revenue to capital is permitted each year, such transfer(s) being equal, in aggregate, to the sum calculated as 9% of the previous year's gross revenue. In addition, the gross annual income received, and the expenses incurred, from or in connection with mining leases or the working of mines or minerals shall be carried or charged as to one half to capital account and one half to revenue account. Funds transfers are permitted between revenue (the income account) and capital to assist with the management of cash flow. In line with the 2017 Order (article 20 (2) (b)) any such transfers must be repaid. Any proposal to delay repayment until after the financial year must be approved by sponsor team.

Where appropriate staff (and related) costs are charged to, and recovered from, the capital account.
