[REDACTED], could you forward on to the group please?

Dear all,

I've been reminded that the group were interested to read our recent SARF report, which is now available on the website here:

[Coram, A., Mazilu, M. and Northridge, S. 2016 SARF 97 Improving Our Knowledge of How Predators Impact Salmon Farms](#)

There was also interest in the supplementary videos showing the behaviours observed during pool experiments, so these are now available on youtube:

[Video 2](#)
[Video 3](#)
[Video 4](#)
[Video 5](#)
[Video 6](#)

The presentation I made at the last meeting is too large to email, so a downloadable version is available online via this link:

It's mostly images, but feel free to email me directly if you have any questions.

Best regards,
