**Subject:** Draft Minutes of SASWG 16 from April 6th  
**Attachments:** SASWG Meeting No 16 April 2016 Draft Minutes.docx

Dear All,

please find attached draft minutes of the meeting at MHS Rosyth on 6<sup>th</sup> April.

The first Action point was for me to inform the group where the PBR (Potential Biological Removal) – ‘human induced mortality limits’ – are published.

These can be found here:

<http://www.gov.scot/Topics/marine/Licensing/SealLicensing/PBR> for each management unit or region for 2015.

I would again caution against reading too much into these. Our aim is to eliminate the need to shoot seals. Arguments over the size of the PBR in each region undermine that basic rationale.

Please take a minute to check the minutes and get back to me if there are any concerns.
