Hi [REDACTED]

If you can confirm if the attached plan still shows the correct details, if not if you can send me the information to amend it.

Can you also supply me with details of the timber extraction request by [REDACTED] in August 2020.

Many thanks

Hi [REDACTED]

Yes, we received conditional planning approval in February and apologies for not being in touch as promised. We have just completed a PAC consultation as part of the Marine Scotland Licencing process, and we are just awaiting confirmation of the licence.

We should now be able to start negotiations with yourself in respect of the Crown Estate Licence. Could you advise how you would like us to proceed and what information you require?

Kind regards

Hi [REDACTED]

We are still waiting for planning approval. The proposal goes before the Planning Committee next month and this will dictate whether the project is going ahead or not.

I will notify you if we are successful and the indicative timeline for construction.

Kind Regards

Hi

Can I please have an update. If the pontoon is no longer going in can you let me know and I will close the file.

Thanks

Dear [REDACTED]

My apologies for not responding earlier, however, we are still going through the consenting processes and until these have been completed, we will not have the final configuration or whether we will revert to the movement by road option. It is probably pre-mature to pre-guess the type of lease required or the volume which may move by sea until all the foregoing has been resolved.

I will revert once we have sorted out consents for construction, marine license and felling permissions. At moment it is unlikely anything would be planned before summer 2022.

I trust this is in order.

Kind regards

Dear [REDACTED]

I hope you are well.

I refer to the above project that will affect Crown Estate Scotland interests. It will be necessary for the Estate to enter into a lease agreement with Crown Estate Scotland and I would be grateful if you could confirm the term of the lease that will be required and the quantity of timber to be harvested and extracted over the pontoon in order that I can prepare Heads of Terms for the estate.

I look forward to hearing from you in due course.

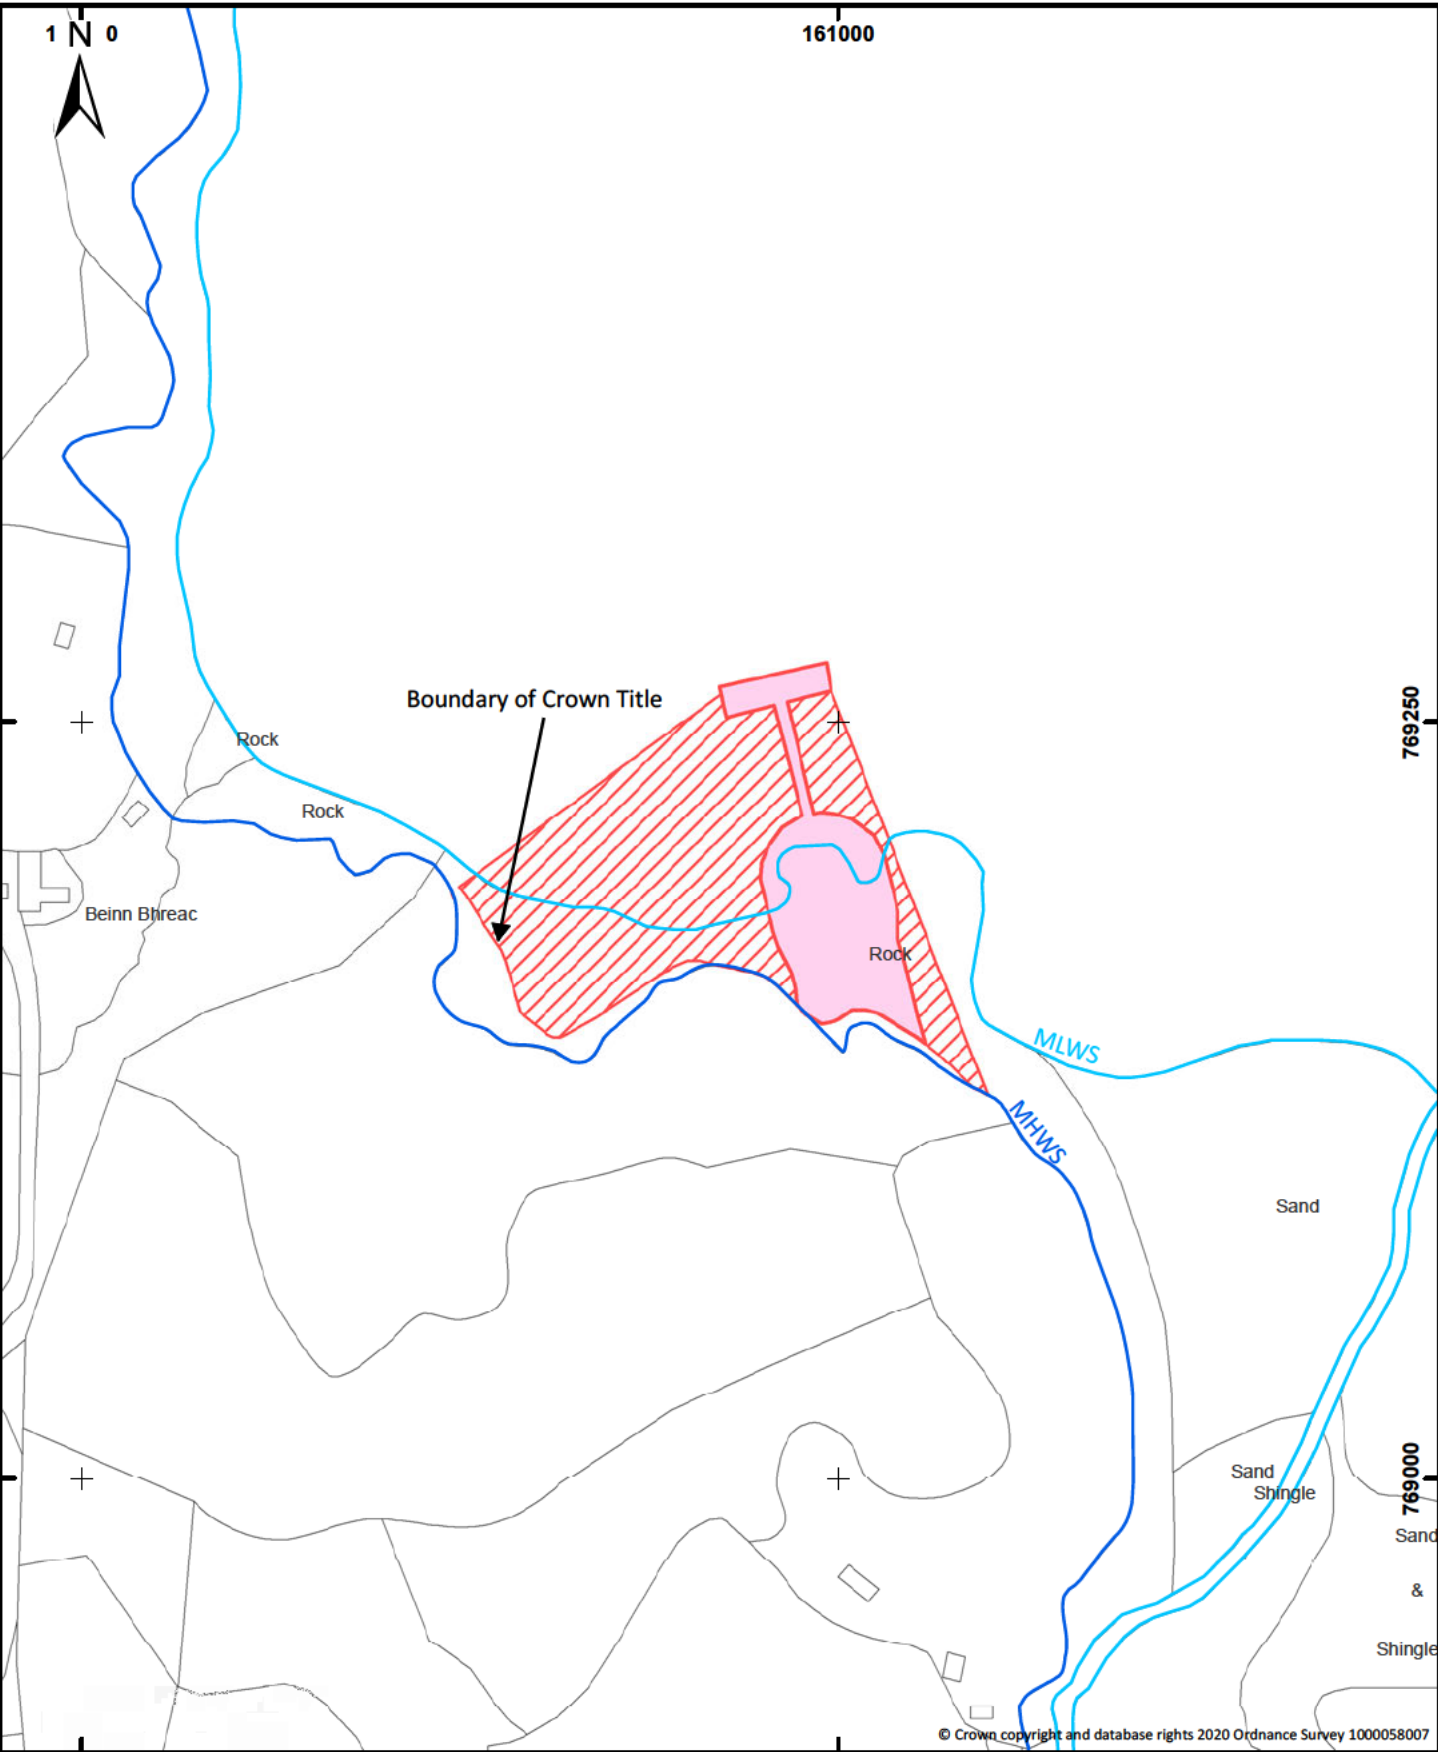

Kind regards
