Reporting period	01 January 2023-31 December 2023	

### Confirmation of records for plastics used on leased seabed areas (from the sea surface to the seabed)

I/we confirm that;

[REDACTED]

has maintained appropriate records for the above reporting period that reflect the procurement and disposal of plastics used on the listed seabed lease location(s) as part of measures employed to minimise the risk of losses to the marine environment and responsible disposal of plastic waste.

These records support the changes to procurements and disposal means reported below.

Relevant records of plastic procurements, stock and means of disposal employed for waste and redundant items used on leased sites will be retained for a minimum period of 5 years and will be made available to CES representatives on request during site visits.

#### **1. Management of plastic in this reporting period**

There is no comparison of records for the current and previous reporting period as this submission forms the base year for future reporting.

The comparison of records for the current and previous reporting periods is not applicable as this submission forms the base year and thus the table is not applicable in this instance.

**2. Improvements in management of plastics on leased sea-sites**

The site is managed according to current best practice and in accordance with ASSG guidelines on site management and the environment.

**3. Opportunities and challenges**

*Losses of equipment have been minimal due to clement weather conditions over the period.*

**4. Any other relevant information**

N/a.
