Hi 11(2)-Personal Data,

The planning application for the Beinn Reithe site was rejected by the Park Authority on 31st October 2022. The project is now with the DPEA office for appeal. Details can be found [here](#).

Hopefully this is still sufficient to allow for an additional LOA to be processed.

Many thanks,

11(2)-Personal Data

Hi 11(2)-Personal Data,

I'll look to see send over the planning submission shortly. We've engaged with NLB and verbally, they have stated they do not see any immediate issues with the location proposed. I will look to follow up and see if I can obtain written confirmation of this. I was not aware of any MoD moorings in the area – do you have details of these, and I can look into it? I would have imagined that any MoD moorings in that area would be associated with the Marconi site and therefore non-operational. We would be happy to deconflict if you have any additional information that you could provide us with.

Thanks,

11(2)-Personal Data

Hi 11(2)-Personal Data,

If you could send over a copy of the planning submission that would open up a space for your new application. However the other concerns still stand, so I would recommend contacting the NLB and local moorings association to get written confirmations they are happy with your proposed area; which would also have to be altered to accommodate the MoD moorings. Have Loch Long Salmon done any initial checks on how suitable a site would be at Strome ferry, prior to contacting CES?

Many thanks

Hi 11(2)-Personal Data,

Are you available for a short teams meeting on Friday? One of our LOAs is a site that we have now applied for planning permissions for. It is my understanding that this meant a further LOA could be submitted – it would be good to discuss.

Thanks,

11(2)-Personal Data

Hi [REDACTED],

Unfortunately I cannot process your lease option application as Loch Long Salmon currently have 5 lease options with us, which is the maximum number we allow a company to hold. There is also a conflict with existing Ministry of Defence moorings and serious concerns regarding navigational risk in the area.

Many thanks

Good morning [REDACTED],

I'm looking to submit the New Lease Option Application Form attached on behalf of Loch Long Salmon Ltd. Also attached is the Plan of Area of Seabed to be Leased at a 1:10,000 scale @ A4 also showing the location of floating umbilical connecting the shorebase to the mooring grid.

Would you be able to confirm that this email submission is sufficient or is a posted paper-copy of the application also required? Also, would you please be able to provide a quote so that I can raise a Purchase Order covering the payment of this application?

Many thanks and looking forward to hearing from you,

[REDACTED]
