Hi [REDACTED],

A submission, PR and quote are now with the Cab Sec for clearance.

I'll get back in touch once this has cleared and of course, happy to discuss any issues which arise in the meantime,

Hi [REDACTED]

An updated draft attached. The only part still left blank is on the extension of the deadline for applications as we still need to make a decision on that. Hopefully that doesn't hold things up from your side though, and we'll clearly get that decision made today ahead of announcement tomorrow.

Any questions let me know.

Hi [REDACTED],

Following the meeting, I'll await a further draft with any tweaks CES may have before moving this forward at our side.

Thanks,

Thanks [REDACTED]

I think Simon is about to get in touch with you, but we have now decided to hold off on this for the moment and will work on an updated announcement following on from our meeting with yourself tomorrow morning.

Thanks

Subject: CES draft announcement on ScotWind

Importance: High

Hi [REDACTED] et al

Please find attached a draft of our announcement regarding the potential pause to SWL. We would like to make a request for a Ministerial quote for the announcement as you will see. This request is from our CEO Simon.

I know that Amanda Bryan and the CabSec are discussing this shortly, but we want to be ready if we have to make an announcement of a pause at short notice.

We will also work up some lines and responses to some of the questions we anticipate coming in off the back of this announcement.

Any questions let me know.
